Dear Mr. Murray,

For many years, your generosity has been a source of pride and goodwill in Burlington. Your support for People Helping People, Little League, Wee Care and other local efforts has touched countless families and built a legacy of trust.

That is why it is so disheartening to see your legacy overshadowed by the ICE lease at 1000 District Ave. Allowing human rights abuses to continue in our community is tarnishing the reputation you have spent decades building.

You are in a unique position to help heal this wound. By committing to refuse to renew the ICE lease and speaking out against the abuses, you can restore the community's trust and align your name once again with care, dignity, and the values we all want Burlington to represent.

You have already shown us the power of leadership through your philanthropy. We encourage you to use that same leadership now, in this critical moment.

With hope,
