

Why does law enforcement need to track your life? Why are they treating you like you're on parole?

over it.

Once the data is shared, local towns lose control

- Keep your data forever
- Don't require warrants
- Share data with the government and companies

systems:

Unlike traditional traffic cameras, these

enforcement agencies across the country.

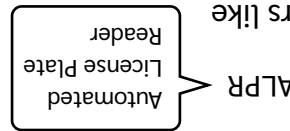

They use AI cameras to identify vehicles, and

sometimes bicycles, people, and even animals. Data from these cameras can be searched by law

surveillance network.

them, make up a nationwide

The Flock corporation, and others like

WHAT ARE FLOCK CAMERAS?

Stop AI Spying

They track **everyone**. No warrants. Not just suspects, even you.

Massachusetts already has **hundreds of AI license plate reader cameras** tracking everyone's movements.

These systems are spreading fast with little public discussion.

We deserve basic privacy.

Join us in stopping mass surveillance in our towns!

You may trust your current police department, but surveillance systems last longer than administrations.

The technology can be wrong, and it can ruin

Inaccuracies are devastating

in thousands of hands.

Police departments can share camera data with hundreds of agencies nationwide. Your data

Mass data sharing

involved.

Your daily movements can be monitored, without any court

Warrantless spying

to track personal targets.

Documented cases include officers using the system

Risk of abuse

Mass surveillance systems raise serious concerns:

WHY IT MATTERS

TAKE ACTION TO STOP THIS

Check the surveillance in your town

Many cities install these systems without public input. Visit eyesoffma.com to check your town!

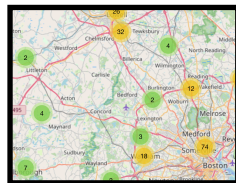

Published March 2026 v1.0

Request public records

Ask for:

- Contracts with Flock and other ALPR systems
- Camera locations
- Usage policies

Talk with neighbors

Privacy affects everyone, regardless of politics, and many people don't know this is happening.

Help find cameras

Report cameras on deflock.org.

Support legislation

Push for laws limiting or banning mass surveillance systems. And show up to your local government meetings!
